

POWER-CRIMP INDU CRIMPING PLIERS

Article number: 107600

The POWER-CRIMP INDU is a crimping tool for turned connector contacts (e.g. Harting) in the cross-section range 0.14 - 4 mm² and 6- 10 mm². The linear stroke and the narrow design allow a continuous view on the pressing process. The tool also offers two crimping inserts for all common sizes, which can be exchanged without tools. Due to the soft plastic cover and the compact frame, the POWER-CRIMP INDU fits well in the hand, so that comfort is always maintained.
