

CIMTEST E1 WITH BAG

Article number: 111492

CIMTEST E1, wallbox tester with type 2 plug for direct connection to the EVSE charging pole. Quick check of correct wiring L1, N, PE of type 2 charging points. Slide switch with 4 positions for simulating vehicle states, CP modes A, B, C and E. PE error is clearly indicated by LED. Permanently connected type 2 plug for quick and easy testing. 230/400 V AC 3 ~ 50/60Hz, CAT II/300V. Bag included.

Attribute	Value
Display	analog
Interface	No
Measured value memory	No
Limit value display	No
Residual voltage measurement	No
Loop impedance measurement	No
Voltage test (high voltage test)	No
Protective conductor resistance measurement	No
Substitute leakage current	No
Differential current	No
Protective conductor current	No
Contact current	No
Power measurement	No
Load current measurement	No
Automatic test sequence	Yes
Printer connection	No
Integrated printer	No
Commander for remote control of the tester	No
Testing according to EN 50678	No
Testing according to EN 50699	No
Testing according to IEC/EN 60065	No
