

ELECTRICIAN'S FACE SHIELD

Article number: 140206

Electrician's face protection hood, according to DIN EN 166, used as arc-fault face protection with ear protection for short-time switching activities and other live work (e.g. on distribution cabinets, house junction boxes, when changing meters, pulling and inserting NH fuses, creating a T-joint, etc.), not to be used for live work on non-insulated overhead lines and systems where there is a direct risk of contact with active parts, type-tested and CE-approved.

Attribute	Value
Material	Polyester (PET)
With headband	Yes
Arc fault tested	Yes
Can be folded up	No
Loose glass	No
Condensation ring	No
With chin guard	Yes

GTIN: 4021103402061
