

RATCHET COMBINATION WRENCH SET T120 FLEX

Article number: 112550

T120 FLEX ratchet combination wrench set with finest tooth-
ing for ratcheting loosening or quick tightening of screws
and nuts in one go. 120 teeth stand for highest performance
and minimum return angles already from 3°. Ring wrench ele-
ment can be swiveled by 2x90° for working from above or in
confined spaces. Left or right rotation by simply turning the
wrench, with additional color marking. The open-end wrench
tool with the individually developed flank geometry allows
the wrench to be reset in the working plane - comparable
to a ratchet function, no lifting of the open-end wrench is
required! Ergonomic handle design with only 3 mm height for
excellent power transmission. Made of chrome vanadium steel,
specially hardened. Surface nickel-plated matt black. Set SW
8/10/13/17/19 + tool roll bag.

Length (mm)	0 mm
Width (mm)	0 mm
Height (mm)	0 mm
Weight (kg)	0,61 kg

Attribute	Value
Surface protection	verchromt
Total number of tools	7
