

INSULATING OVERSHOES, SHOE SIZE 43 - 46

Article number: 140228

Insulating overshoes, for electrotechnical work under voltage indoors on solid ground (e.g. changing meters under voltage, blocking cashier activities, work on indoor cable distributors). The galoshes serve as an equivalent substitute for site insulation up to 1000 V AC /1500 V DC, quick fastening to normal footwear by means of 2 Velcro fasteners in the forefoot area and with a plug-in fastener in the heel area, type-tested in accordance with DIN EN 50 321. Use in damp conditions, on ladders and when working outdoors, especially in cable trenches, is not permitted, nor is use in work where ground contact with other parts of the body cannot be ruled out (e.g. kneeling activities). Sole length 300-320 mm, shoe size approx. 43-46, inside length 320 mm. 1 pair
