

CONNECTING FRAME FOR CABLE LENGTH MEASURING DEVICE

Article number: 142748

Connecting frame for manual cable length measuring device, the connecting frame is used to fix the manual cable length measuring device to the Cimco cable drum unwinders Trommelfix 200 and Trommelfix 700. This turns the measuring device into a stationary device for cutting all standard cable drums to length. Multiple height and length adjustable as well as swiveling due to the locking roller, thus all individual working and space situations are adaptable. The assembly is in a few seconds by simply plugging together, ideal for all cable drum storage at wholesale, retail as well as on construction sites; weight only 3.5 kg.

Length (mm)	610 mm
Width (mm)	100 mm
Height (mm)	85 mm
Weight (kg)	3,53 kg

Attribute	Value
Conductivity measurement	No
Continuity test	No
Resistance measuring range	No
Handheld	No
Measurement delay time	No
Max. measurable cable length	- m
With cutting device	No

GTIN: 4021103427484
