

UNIVERSAL FABRIC TAPE, BLACK, 38 MM X 50 M

Article number: 162040

Universal quality fabric tape, an extruded fabric tape, coated on one side with waterproof polyethylene coating, on the other side with an aggressive, non-corrosive pressure sensitive adhesive. Matt, water- and weather-resistant finish, very good markability with pencil, ballpoint pen, permanent marker, felt-tip pen and etching pen, printable, largely resistant to many chemicals, insensitive to plasticizers and oil vapors, very good electrical properties, easily and particularly cleanly torn off crosswise by hand. Universal fabric adhesive tape for trade and industry: colored identification and marking of cables, electrical components, pipes and ducts, labeling of control cabinets, distributions, patch panels, for bundling, fixing, securing and reinforcing cables and pipes, for masking during painting and varnishing work. Execution in the color black; WxL: 38 mmx50 m.
