CIMCASE PRO INDUSTRY B1L2

Article number: 178521

The CimCase PRO Industry B1L2 is a rugged tool case designed for professional use in electrical installation. The PRO model, featuring a 105 mm deep base tray, offers expanded storage space for tools, measuring instruments, and accessories. Inside, three functionally designed, interchangeable tool panels ensure organization and flexibility. One panel features two removable L-BOXX Mini units and a neoprene pouch for safely carrying a spirit level; two additional panels are equipped with spacious slotted holders for hand tools. The modular system allows for customization to suit various applications. The Industry kit (33-piece) is tailored for industrial and maintenance applications. It includes, among other items, high-performance pliers and cutting tools, VDE-insulated tools for live-wire work, screwdrivers in various profiles, control cabinet keys, and supplementary accessories for maintenance and service work in industrial facilities. The kit also includes a TSA combination lock, a label panel, and a spring-loaded handle.
