

TWIN WIRE END FERRULES SET DIN COLOR SERIES, 0.5 TO 10 MM², 100 PIECES EACH**Article number: 181531**

This twin ferrule set in the DIN color range covers all common cross-sections from 0.5 to 10 mm² and offers 100 pieces per size. All ferrules are supplied in practical Racco boxes, sorted by cross-section. The twin version is perfect for crimping two conductors in one sleeve and is therefore a reliable solution for installation companies, maintenance and professional switch cabinet construction. The color-coded sleeves enable clear and quick assignment of the appropriate cross-section, which makes everyday work noticeably easier. The high-quality workmanship ensures a secure and permanently stable connection between conductor and terminal, even in demanding applications.

Length (mm)	239 mm
Width (mm)	192 mm
