

INSPECTION STICKER "ELECTRICALLY TESTED" - YEAR 2026, YELLOW, 30 MM

Article number: 182641

The "Electrically tested" test sticker is used to clearly identify electrically tested equipment. It enables clear documentation of the test status and the next test date, thereby supporting compliance with operational and legal test requirements. The sticker shows the test year 2026 and has an easily recognizable month display for individual identification. It is made of self-adhesive film and can be easily and securely attached to various surfaces. With a diameter of 30 mm, it offers good visibility in daily use. The yellow coloring also ensures quick visual recognition. Ideally suited for use in industry, trade, maintenance and repair for marking tested electrical devices, machines and systems.

Length (mm)	223 mm
Width (mm)	86 mm
Height (mm)	4 mm
Weight (kg)	0,053 kg

Attribute	Value
Shape	rund
material	Kunststoff
Halogen-free	Yes
Color	gelb
Material quality	Polyvinylchlorid (PVC)
Execution	Foil
Fluorescent	No
mounting type	selbstklebend
Strength	0,2 mm
width	30 mm
Photoluminescent	No
Diameter	30 mm
Foldable	No
height	30 mm
Waterproof	Yes
Montageart	sonstige
With mounting material	No
With warning/information symbol	No
With warning/information text	No
Literal imprint	Electrically tested
Language of the print	German
