CABLE TEST STICKER "TESTED IN ACCORDANCE WITH DGUV V3" - 26-31, YELLOW

Article number: 182645

The cable inspection sticker "Inspected in accordance with DGUV V3" for the clear identification of inspected cables and wires as part of statutory safety inspections. It enables clear documentation of inspection and maintenance dates and supports compliance with the requirements of DGUV Regulation 3. The inspection sticker is made of robust vinyl film and is yellow in color. It has a clear month and year field for marking the test date. Marking is easy and permanent using a hole punch or foil pen, allowing flexible adaptation to individual test intervals. The product is delivered in a practical booklet, which allows for easy handling, neat storage, and quick removal of the cable inspection stickers. Ideally suited for electrical inspections, maintenance work, and professional use in industry, trade, and business.
